

Make a Treasure Collage

A collage is a piece of art made by sticking materials or objects on to a surface. You can use anything you like.

- 🌰 Set out on a treasure hunt either inside or outside your home with your parent or friend
- 🌰 You could collect leaves, flowers, feathers, grass, stones, shells, wrappers, tickets, stamps, old wrapping paper.
- 🌰 Now ask them to arrange them in a way that means something to you.
- 🌰 If they are too bulky to stick to a sheet of paper, take a photo and make a print of your picture.
- 🌰 Remember to give your picture a title.

Be a Cubist

Around a hundred years ago artists, such as Picasso, began to look at objects in fresh ways. They broke down objects into simple shapes and often included different views of a subject in the same painting. They were called Cubists. Cut out a picture of a face from a magazine and then cut the face up into rectangles and squares. Using just some of these bits stick your face back together.

Do you love creating your own masterpieces?
Why not send me your art? I'd love to see it and I might be able to put it in the Gallery!
Check back to The Treehouse soon to see if your picture is there.
